
Thank You To A Generous Community!

Thanks to our generous community, the 2007 Georgia Municipal Association's Mayors' Christmas Motorcade was a success again this year. Residents and Business Owners sent checks, donated money at our annual Wal-Mart and Chili Cook-Off fundraisers, dropped change and small bills into our "donation jars" at local restaurants, and filled our gift receptacles with the "items needed" most by the patients of Georgia Regional Mental Hospital.

On Wednesday, December 12th, Mayor Hatcher and the City of Statesboro's Mayors' Motorcade Committee delivered these monetary contributions, boxes of the donated gifts, and a framed letter from the Statesboro High School Preschoolers to the often "forgotten" patients of the regional facility. Without these donations, many of these patients would not receive any gifts on Christmas.

Thank you to everyone who made a contribution to this year's Mayors' Motorcade!

A Special Thank You to these very generous contributors who went above and beyond for the Mayors' Motorcade:
